**Vaccination Protocol**

For your cat's protection, all vaccines must be current. We require written proof or phone confirmation from your referring veterinarian of vaccinations, including Rabies and FVRCP, for any cat that stays at Haile Plantation Animal Clinic. If you are unable to provide proof of these vaccinations, a HPAC doctor will provide a comprehensive physical examination and give appropriate vaccinations, which are your financial obligation. We charge \$100.00 for an adult cat's exam, 1- year Rabies, FVRCP, and deworming. Your cat must be free of internal and external parasites. Every boarding animal gets an intake exam by our Kennel staff and if fleas are found it is mandatory that we administer a dose of capstar at your expense. If ticks are noted your pet will not be able to board at our facility.

I agree to and understand this policy. **IMPORTANT:** If my cat has a serious illness or injury, and in the event such illness or injury becomes critical during my absence, I want the doctors and medical team of HPAC to:

Resuscitate my cat

or

Do not resuscitate my cat
